A pound can of each powder was taken, the total seavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schediler only proves what every observant consumer of the Royal Balding Powder knows by practical experience, that, while it cost a few cents per pound more than ordinary kinds, it is far more economical, and, busiles, affords the alvantage of better work. A slogh trial of the Royal Balding Powder will convince any father indeed pursue of these facts.
